Dear Russ,

I have the clips on the Chicops Klan cell. They add nothing to what I wrote save that Heath, according to another AP 12/29/67 story, was "head of the Ku Klux Klan in Illinois" and "discussed ways of assassinating Mayor Daley and high police officials", Daley with a bazooka, easy because "he knew the mayor's bodyguards".

LA Times Service (D.J.R. Bruckner), pub Wash Post 2/21/68, says the Internal Inspections Division is responsible for policing the police.

State's Attorney's detectives accused of taking bribe.

This story says Internal Inspections turned up Klan cell.

Identified under Groth at raid, today, CBS-TV early-morning news, Joe Gorman, James Davis.

Best,
